## **"KNOWLEDGE CENTER"**

After April-2009 we all feel relief by observing Positive Market trends followed by Election results & steady governments.

The circular/decision made by SEBI to remove load from the Mutual-Funds transaction & Brokerage to be collected directly from the investors.

Right now actual sufferers are "Mutual Fund Advisors", who have put tremendous Efforts & Labor to convince people to divert towards Mutual Fund Industry.

FIN-SOFT is always committed to Mutual Fund Industry directly or indirectly by serving Mutual Fund Advisors.
